## INSURRECTOS TAKE JUAREZ

### CITY SURRENDERED AT NOON YESTERDAY

El Paso, May 10.—A complete surrender of the federal forces in Juarez took place today shortly after twelve o'clock. The hoisting of the white flag by the federals was the signal for general rejoicing on the part of the people, who joined with the revolutionists, all glad that the fighting was over so far as Juarez was concerned. A most terrific battle had raged for two days. At this time it is impossible to give any accurate report as to the number of dead and wounded, but the loss has been terrible. Every physician possible is giving all the aid in his power to the wounded.

At the hoisting of the white flag, the flag of the rebels was immediately flung to the breeze. Church bells were rung and a general celebration at once took place. The hilarity caused by the ending of the battle was heard throughout El Paso. The capture of Juarez was practically completed at 11 o'clock this morning. General Navarro held out until the very last. His comment was that he did not think the rebels could take the city so easily.

The dead and wounded, many fatally, are to be found everywhere. There was no cessation of hostilities to give the soldiers nor others, time to care for their dead and wounded. The Red Cross Society has telegraphed one thousand dollars to be used in caring for those injured and needing aid. General Bicknell of the Red Cross Society left Washington today for El Paso to organize a camp to care for the wounded.

### Rebels will Move on Ensenada

Tia Juana, Lower California, May 10—General Brice, who is in command of the rebel army here has given the information that the forces of the revolutionists will surround and lay siege to Ensenada as their next move. Scouting parties have been out all day both in the vicinity of this place and beyond. The dead and wounded are being

found everywhere. These are being cared for whether federal or rebel.

### 56 Killed at Saltillo

Laredo, Texas, May 10—Reliable information has been received here that the report that fifty-six federals were killed at Saltillo yesterday was correct. The insurrecto loss was less than half that number.

### Agua Prieta Abandoned

Douglas, Ariz., May 10—Agua Prieta, the Mexican city captured by the rebel forces on April 18, after eighteen hours of strenuous fighting, and shortly thereafter evacuated by them, has been abandoned by the federalists. All federal offices and the court have been closed. Garrisons have been busy for several days filling the trenches, and leveling the breastworks. The blockhouse has been reduced to kindling wood. The rebel forces, including some eight hundred Yaqui Indians are in the mountains in this vicinity.

### Auto trip to Ruins

Sheriff Meyer yesterday took Mr. and Mrs. J. S. Kelly and their guest George Legate of Mena, Arkansas, on an automobile trip through the towns of Torreon, Manzano and Punta, ending up at Willard, where Mr. Legate took the train for Magdalena. The visit to the old orchard at Manzano and the ruins at Punta were especially interesting to Mr. Legate.

### Ed Roberson Chosen trustee

The village council met in special session last night. Ed W. Roberson was chosen as trustee to fill the vacancy caused

### AERONAUT KILLED WHILE TRYING TO COME TO EARTH

San Antonio, Texas, May 10—Lieutenant Kelly of the 30th Infantry, U. S. A. was killed here today by falling from his aeroplane. He had just made a flight and was attempting to alight. When about fifty feet from the ground, he suddenly shot forward from his seat falling to the earth, striking on his head. He was killed almost instantly. It is thought that the fall was caused by the unexpected starting of the engine of the machine.

### Romero Pleads Guilty and Pays Fine

Las Vegas, May 10—Benigno Romero president of the Romero Drug Company, manufacturers of La Sanadora, today plead guilty to the first count of an indictment returned by the last grand jury, charging him with violation of the Pure Food Law of the United States. Judge Roberts assessed a fine of fifty dollars. The other counts of the indictments were not pushed by U. S. Attorney Leahy, on the promise of Romero to abide by the law hereafter.

The charge was that some of the ingredients used in his medicines were prohibited by law, and also that the medicines were shipped into other states in violation of law.

### Fine Showing of Fall Wheat

Burt Cochrane brought in a half dozen stalks of wheat, which are over two feet in height. He had pulled them yesterday afternoon on the lots of his brother in Alta Vista where Mrs. Cochrane had sown some wheat and rye last fall for the chickens. As nothing had molested it during the winter, it had had a fine chance to show what wheat will do. The stalks are well stooled and are almost ready to shoot forth the heads. It is as pretty a sample of wheat as anyone would care to see.

by the election of Mr. Stubblefield as mayor. The salary of the marshal was fixed at twenty dollars per month and that of the clerk at ten dollars per month.

### IMBODEN HAS ALMOST 600 ACRES IN CROP

Mr. Imboden of the Mount Calvary neighborhood holds the record for large acreage seeded so far as the News has learned of all the farmers in the valley. Our correspondent at that place has furnished us the following data as regards the acreage he has planted, which is as follows:

|           |           |
|-----------|-----------|
| Corn,     | 175 acres |
| Wheat,    | 160 "     |
| Beans,    | 110 "     |
| Millet,   | 40 "      |
| Maize,    | 40 "      |
| Oats,     | 25 "      |
| Potatoes, | 20 "      |
| Cane,     | 12 "      |
| Barley,   | 10 "      |
| Total     | 592 acres |

Says our correspondent: "All of this crop is in fine shape, but Brother Editor, you never see this man on the streets cursing the country, and he will get rich here. We need more men like him."

Certainly if Mr. Imboden can handle this acreage, and make anything of a crop he will be rich in a very short time.

### MINORITY REPORT EXPECTED

Washington, May 10—Neither branch of congress was in session today, there being a number of committee meetings instead. The House committee on territories again held a hearing on statehood, a number of republicans asking that they be heard, against any change whatever being made in the constitution or being left for the vote of the people. There will probably be a minority report from the committee, on Friday when the committee will report to the House, urging the adoption of a resolution admitting New Mexico under the constitution as it now stands.

"Where are you going with that goat, little boy?"

"Down to the lake. Come along if you want to see some fun. This here goat has jest et a crate of sponges, an' I'm going down an' let him drink!" Toledo Blade.

Ambitious Author—Hurray! Five dollars for my latest story, "The Call of the Lure."

Fast Friend—Who from? Ambitious Author—The express company. They lost it.—Womans Home Companion.

Husband—What! Twenty-five dollars for that hat! It is a sin.

Wife—Don't bother. The sins shall be on my head.—Fliegende Blaetter

### Weather Report

Fair Thursday and colder.

### Newsy Items From Silverton

Robert Steele spent Sunday with Shirley Milbourn.

W. S. Buckner and family attended church in Estancia last Sunday.

Mr. Kuykendall set out three hundred cabbage plants this week.

Mrs. Hattie Davis of Torrance spent a few days at her ranch south of this place.

Mrs. Fred Kutchin has a nice little garden near her well which she says she'll irrigate by hand.

A good shower fell in this vicinity Sunday and Monday making the heart of the farmer glad.

John Milbourn and wife spent Sunday with Mrs. George Torrence of McIntosh who is quite sick.

Miss Annie B. Kuykendall and Miss Eblen spent a pleasant day Sunday at the home of Mrs. Fred Kutchin.

Irwin Pettus of Albuquerque is spending a few days on his ranch south of this place. He is having a crop put in.

Mr. Chamblee of Albuquerque is spending a few days with his parents near this place. He will make a trip to San Diego, California soon.

Miss Ethel Clark, who has spent several weeks in Texas, returned home last week. She says no place looks as good to her as the Estancia Valley.

Everybody around here is in a great hurry to get in every acre of crop he possibly can. It looks queer to see men with their teams in a trot coming and going.

Crops are looking fine in this vicinity, oats, millet, corn and other products up and a good stand and most of the beans will be in the ground by next Saturday.

Jess Hubbard is putting in a crop of beans on Guy Crawford's place, west of here. Hubbard is a hustler. He is also putting in some beans on Richard Crawford's place.

Dyer Brisby of Chanticleer ranch, we are sorry to learn, was compelled to have another slight operation last week, but are glad to know that he is doing nicely, the last word we had from him.

Prof. Russell of the foothills has been in our neighborhood for several days in the interest of the book entitled "The White Slave Trade." He secured several subscriptions in this vicinity.

Harvey B. Steele, who spent the winter in California, is visiting his mother at this place a few days. He says New Mexico has a much healthier climate, much better soil and far better people than California.

Master Chester Milbourn is the proud possessor of some new overalls presented to him by his uncle, Burr Milbourn. Chester thinks he'll soon grow a beard similar to the one his father wore this winter and do other manly stunts equal to his uncle Burr.

Amos Kuykendall purchased a bunch of Black Minorca chickens from W. H. Ligon last Monday. He is now ready to supply eggs for the incubators and other hatcheries. The Minorca eggs are in great demand now as this breed is not only a very fine layer but a hardy fowl as well.

Mr. Merrifield has a nice crop of alfalfa on his place east of Silverton.

Some of our friends near Estancia
